

# Intro to Role Play

Role Play is incorporated throughout our entire curriculum, introducing careers and endless subjects to your preschooler through structured play time.

## Biomes

Play adventures that highlight seasons, weather, animals and ecosystems in the environment.

## Space

Blast off to the eight planets and learn about the mysteries of the cosmos.

## STEM

Develop as scientists, creators, thinkers, problem solvers, and inventors through role play.

## All About Me

Role play and art projects that take your preschooler on a journey about themselves and their environment.

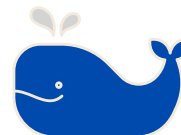

## The World

Travel and explore famous landmarks throughout the seven continents.

## Oceans

Dive into Earth's deep oceans to discover endless sea life.

## The Human Body

Learn the primary roles of our body's twelve amazing organs.

\*Topics are revisited in greater detail throughout the entire curriculum.
